**B163 Bergenia Wanaka Wine**

175

14.30

A Pat Stuart selection with lovely burgundy leaves in winter, tall heads of large bright rose pink flowers in early spring. Makes great ground cover in light shade, drought tolerant.

<b>Dunedin Rhododendron Group Incorporated.</b>		2018 Season	
<b>B187</b>	<b>Calycanthus Venus</b>	6	24.70
Bushy shrub with long, deep green glossy leaves. Striking white flowers with burgundy centres.			
<b>B180</b>	<b>Carpenteria californica Ladham's Variety</b>	175	13.50
Large rather striking white flowers in summer. Plant in a warm sunny garden. Ht 2m. Evergreen.			
<b>B176</b>	<b>Cercis siliquastrum Bodnant</b>	25L	71.50
Clustered rosy-purple flowers in early summer. Shelter from wind. Ht 3m. Deciduous.			
<b>B169</b>	<b>Clematis x cartmanii Sweet Hart</b>	175	17.60
Beautiful white flowers in spring on a small climbing or weeping native Clematis. The deep green parsley like leaves complete a picture of beauty. Evergreen. Ht 1m			
<b>B155</b>	<b>Clethra arborea</b>	6L	22.70
Panicles of white pendulant fragrant flowers in autumn. Ht 3m. Evergreen.			
<b>B195</b>	<b>Cornus alternifolia Argentea</b>	175	18.80
Layered branches with broad heads of cream flowers in early summer. A most attractive shrub. Ht 2m. Deciduous.			
<b>B171</b>	<b>Cornus capitata Silver Lining</b>	175	18.80
A wonderful new variegated Cornus capitata which like its parent has creamy flower bracts and red fruit. Ht 6m x 3m. Trim to shape. PVR applied for. A Blue Mountain release.			
<b>B175</b>	<b>Cornus sanguinea Midwinter Fire</b>	175	23.10
Spectacular orange winter colour on the stems. Light lemon colour leaves in summer on a bushy shrub to 1m tall. Best grown in shade.			
<b>B168</b>	<b>Cunninghamia lanceolata</b>	175	16.00
Hardy tree with blue green shiny foliage bronze in winter. A striking, handsome conifer. Ht 4m. Evergreen.			
<b>B158</b>	<b>Decaisnea fargesii</b>	9L	31.40
Yellow to green flowers followed by blue pods in autumn. Requires moist well drained soils. Ht. 3m. Deciduous.			
<b>B154</b>	<b>Disporopsis pernyi</b>	9	6.00
A perennial with strong, upright dark-green stems that slowly form elegant colonies. Hanging white flowers. Great in woodland colonies. Ht 70cm			
<b>B202</b>	<b>Fagus sylvatica Dawyck</b>	6L	38.50
Slow-growing fastigate beech variety. Narrow upright growth makes this an ideal tree for the small garden. Ht 3m. Deciduous.			
<b>B200</b>	<b>Fagus sylvatica Dawyck Gold</b>	3.5L	27.50
Very distinctive golden column. A more vigorous beech than Dawyck Purple. Ht 3m. Deciduous.			
<b>B199</b>	<b>Fagus sylvatica Dawyck Purple</b>	6L	37.90
Narrow-growing column of purple beech. Ht 3m. Deciduous.			
<b>B203</b>	<b>Fagus sylvatica Rohanii</b>	6	37.40
Attractive deep purple leaves. Tall stately tree. Very special. Ht 5m. Deciduous.			
<b>B201</b>	<b>Fagus sylvatica purpurea Tricolor</b>	6	38.50
This pale purple copper beech has bright pink edges to its new leaves. They are particularly conspicuous on young trees.			
<b>B165</b>	<b>Fragaria Lipstick</b>	7	2.90
Bright pink flowers followed by juicy fruits in autumn. An excellent ground cover for a sunny open garden.			
<b>B194</b>	<b>Hosta Vera Verde</b>	175	13.20
Dwarf perennial for the shaded rock garden. Cream variegated leaves. Pale mauve flowers in autumn. Ht 30cm			

<b>Dunedin Rhododendron Group Incorporated.</b>		2018 Season	
<b>B189</b>	<b>Hydrangea paniculata Limelight</b>	175	13.60
Dainty long panicles of creamy lime green flowers in summer. Later and more erect flower heads than H. p. Grandiflora. Hardy. Golden autumn colour. Ht 2m. Deciduous. AGM			
<b>B167</b>	<b>Ilex crenata Convexa</b>	5	3.00
A real gem for the rock garden. Great for low hedges. Green leaves all year. Ht 50cm. Evergreen. Female.			
<b>B161</b>	<b>Koelreuteria paniculata</b>	6L	17.10
Long cut leaves in summer and brilliant yellow autumn colour. Yellow flowers in summer. Ht 3m. Deciduous.			
<b>B166</b>	<b>Leucothoe fontanesiana Rollissonii</b>	090	7.70
A small to medium sized shrub of elegant habit. Good ground cover plant with narrow green leaves which turn bronze/red in winter and racemes of white flowers.			
<b>B174</b>	<b>Liatris spicata Kobold</b>	120	8.90
Striking plants with spikes of brilliant lilac/mauve flowers in summer. Best in full sun and well drained soils. Ht 40cm.			
<b>B178</b>	<b>Ligularia przewalskii</b>	140	11.30
A vigorous perennial with erect black stems with large leaves cut into jagged lobes, and slender racemes of small yellow flower-heads in late summer. Ht 2m			
<b>B157</b>	<b>Liquidambar acalycina</b>	6L	30.40
A rare Chinese species with purple new growth and red/amber autumn colours. Ht 3m.			
<b>B192</b>	<b>Lithocarpus edulis</b>	175	14.60
A small bushy tree or large shrub. Glabrous young shoots, leathery and tapered at both ends, scaly when young. Proving hardy and free-fruited given reasonable shelter.			
<b>B170</b>	<b>Lomatia ferruginea</b>	175	18.40
Large fern-like leaves with buff and scarlet flowers in summer. Shelter from wind. Ht 3m. Evergreen.			
<b>B156</b>	<b>Malus Blue Mountain</b>	6	67.00
Bright pink flowers in late spring on a hardy tall upright tree. Leaves red in summer. Edible fruits in autumn are ideal for making jelly. Ht 3-4m. Deciduous.			
<b>B196</b>	<b>Metasequoia glyptostroboides Goldrush</b>	175	28.70
Tall, upright pyramid, golden tree with soft ferny needles. Good autumn colours. Enjoys sheltered position with damp soil. Ht 8m			
<b>B172</b>	<b>Mitraria coccinea</b>	175	17.50
Bright flame coloured tubular flowers in late spring and summer. Plant in a shaded position. Ht 1.5m. Evergreen. NO LIME.			
<b>B191</b>	<b>Nyssa sylvatica</b>	175	16.00
Excellent autumn colours make this a great tree for the small garden. Ht 3m. Deciduous.			
<b>B183</b>	<b>Osmanthus delavayi</b>	175	13.60
A magnificent, and most rewarding, deep green bushy shrub with fragrant white flowers in spring. Prefers a sheltered position. Ht 1m. Evergreen.			
<b>B190</b>	<b>Parrotia persica Flame</b>	6L	25.80
A small broadly spreading tree with green leaves turning brilliant orange-red in autumn, best in acid soils. Small hidden flowers in spring. This is a new selection from Blue Mountain Nurseries. Ht 5m. Deciduous.			
<b>B181</b>	<b>Philadelphus Belle Etoile</b>	175	13.20
A beautiful compact shrub. Single wide fragrant white flowers with a maroon centre. Ht 2m. Deciduous.			
<b>B173</b>	<b>Phygelius capensis Rose Pink</b>	175	8.30
Tubular rose pink flowers in summer. Likes a sheltered moist position. Ht 75cm			

<b>Dunedin Rhododendron Group Incorporated.</b>		2018 Season	
<b>B193</b>	<b>Podocarpus nerifolius</b>	175	14.60
This species of conifer grows 10 to 15 metres in wet tropical and subtropical forests.			
<b>B198</b>	<b>Podocarpus totara Kaihuka Blue</b>	175	20.30
Cuttings from selected blue tree at Kaihuka by Rodney McDonald.			
<b>B185</b>	<b>Potentilla Raspberry Delight</b>	175	12.80
A lovely dwarf shrub, easily grown with a summer display of cream flowers edged raspberry pink. Trim after flowering. An Oaklands Nurseries introduction.			
<b>B184</b>	<b>Potentilla Tangerine</b>	175	12.80
Bright orange flowers on a very hardy bush in summer. Ht 50cm. Deciduous.			
<b>B188</b>	<b>Sinocalycanthus chinensis</b>	6	24.70
Hardy bushy shrub with pure white flowers in summer and an allspice scent. Ht 1.5m Deciduous. Plant in semi-shade. Butter yellow autumn colours.			
<b>B160</b>	<b>Styrax japonica</b>	6	23.90
An attractive small tree with white pendulous potato like flowers in mid summer. Ht 3m. Deciduous.			
<b>B182</b>	<b>Syringa x chinensis</b>	175	18.80
A medium-sized shrub of dense bushy habit, with ovate leaves and large drooping panicles of fragrant, soft lavender flowers.			
<b>B186</b>	<b>Syringa x persica</b>	175	21.50
Rounded bushy shrub with slender branches covered in small fragrant white shaded lilac flowers in late spring. Ht 1.5m. Deciduous.			
<b>B159</b>	<b>Taxodium distichum</b>	6	28.70
Bright green feathery foliage turning orange in autumn. Best conifer for wet soils. Ht 5m. Deciduous.			
<b>B177</b>	<b>Trollius x cultorum New Moon</b>	140	11.30
60cm plant with dark green, strong foliage of vigorous habit and large brilliant creamy-yellow flowers.			
<b>B162</b>	<b>Ulmus x elegantissima Jacqueline Hillier</b>	9L	24.90
Small shrub with neat dense growth and green leaves. Ht 1.5m. Deciduous.

## Hereweka

		Quantity	Pot	Price
<b>C235</b>	<b>Allium azureum</b>			11.00
Heads of pale blue flowers in summer.				
<b>C236</b>	<b>Aquilegia fragrans</b>			8.80
From Kashmir 'Sweet scented Columbine' large creamy flowers.				
<b>C237</b>	<b>Aquilegia longissima</b>			8.80
Bright yellow flowers with elongated spurs.				
<b>C238</b>	<b>Bergenia purpurascens</b>			8.20
Large green leaves which turn shades of red/maroon in winter. Heads of purple/magenta flowers in spring. From Cashmere.				
<b>C239</b>	<b>Brodiaea californicum</b>			8.20
Tall bulb with upward facing funnel shaped flowers of lavender shades in summer.				
<b>C242</b>	<b>Cordyline rubra</b>			11.00
Australian Cabbage Tree, suckering species with broad leaves, blue flowers followed by red berries. Tender, needs sheltered spot.				
<b>C243</b>	<b>Cornus amomum</b>			16.50
Silky Dogwood. Small whitish flowers in flat topped clusters in spring, filled by berries that change from white to blue. Smallish deciduous shrub.				
<b>C241</b>	<b>Corylopsis gotoana</b>			11.00
'Fragrant Winter Hazel'. A multi stemmed shrub which bears fragrant pendant yellow flowers in				

clusters late winter.

<b>C240</b>	<b>Corylus colurna</b>		11.00
	Turkish Hazel, largest of hazels. A conical deciduous tree with edible nuts. Tolerant of cold and drought once established.		
<b>C245</b>	<b>Crinum bulbispermum</b>		11.00
	'Cape Lily'. Deciduous cold hardy bulb, blue green to greyish strap like leaves. Tall spikes of bell shaped flowers, deep pink outside, light pink inside.		
<b>C244</b>	<b>Crinum x powellii</b>		11.00
	Swamp Lily. Has huge lily like flowers in January/Feb with scent in evenings. Large bulb with wide strap like leaves. Large plants.		
<b>C246</b>	<b>Geranium sidoides</b>		11.00
	South African Geranium, has roundish felted grey leaves with long sprays of spider like rich wine red/maroon flowers in summer.		
<b>C247</b>	<b>Hydrangea Ayesha</b>		11.00
	Unlike any other hydrangea, has small cup like blue flowers in large heads, above foliage, in summer.		
<b>C248</b>	<b>Hydrangea Forever</b>		16.50
	Smaller hydrangea with double flowers, blue or pink, depending on soil.		
<b>C249</b>	<b>Hydrangea Geoffrey Chadbund</b>		16.50
	Lace cap variety, produces large red sterile flowers turning to rose or magenta in alkaline or slightly acid soils.		
<b>C250</b>	<b>Hydrangea Merritt's Supreme</b>		16.50
	Mophead with rich purple blue flowers in acid soil and rosy pink in alkaline.		
<b>C251</b>	<b>Hydrangea Seafoam</b>		16.50
	Thought to be the wild form of H. macrophylla. Bold lace cap flowers. Pleasantly scented white sterile flowers with mauve to blue fertile flowers in the centre.		
<b>C252</b>	<b>Illicium majus</b>		16.50
	3m evergreen shrub with symmetrical growth to ground level. Large glossy leaves which are aromatic, strap like many petalled creamy flowers in late winter which are scented. Seed capsules resemble Star Anise, as it is in the same family, but these are not edible.		
<b>C253</b>	<b>Magnolia kobus</b>		22.00
	Japanese tree. Has same flowers as M. stellata but is a larger tree eventually.		
<b>C254</b>	<b>Magnolia wilsoni</b>		22.00
	Chinese tree. Hanging white flowers with deep maroon stamens in late spring. Best planted above a path so one can look up into flowers.		
<b>C255</b>	<b>Meryta sinclairii</b>		11.00
	Well known NZ native Puka. Huge leaves. These plants are grown from seed, outside on the Peninsula. But are still frost tender, so need a sheltered spot.		
<b>C257</b>	<b>Phlomis cashmeriana</b>		11.00
	'Kashmir Sage'. Tall stems with whorls of bright pink flowers, midsummer.		
<b>C256</b>	<b>Pittosporum dallii</b>		11.00
	Rare native from north west Nelson. Evergreen. Serrated dark green leaves and clusters of small yellow flowers in mid summer. Stems are purplish black.		
<b>C258</b>	<b>Quercus crassifolia</b>		22.00
	Mexican Oak. Tree with stiff leathery leaves, brownish green above and felted underneath.		
<b>C260</b>	<b>Quercus phyllyraeioides</b>	1	22.00
	Evergreen oak from China and Japan. Has small green leaves.		
<b>C259</b>	<b>Quercus x dysophylla</b>		22.00
	Mexican Oak. Similar to above but leaves dark green above and yellowish indumentum below.		

**Dunedin Rhododendron Group Incorporated.**

2018 Season

<b>C262</b>	<b>Staphylea colchica</b>	16.50
Caucasian Bladdernut. Large shrub. Has racemes of white fragrant flowers, reminiscent of orange blossom, in spring followed by inflated seed capsules like little bladders.		
<b>C263</b>	<b>Staphylea pinnata</b>	11.00
Similar to above but has pinnate leaves and bell shaped flowers in early spring, with the same papery inflated seed capsules.		
<b>C264</b>	<b>Thermopsis lanceolata</b>	8.20
'Golden Banner'. Spectacular upright perennial bloomer, with tall spikes of fragrant primrose yellow blooms on stems that emerge blackish in early spring and then turn green.		
<b>C265</b>	<b>Tigridia pavonia</b>	8.80
'Jockey's Cap Lily'. Bulb with pure white flowers in summer .		

**Hokonui**

Exceptionally long-spurred yellow flowers on branching stems during late summer. Part sun/shade. Ht 40cm		
<b>H111</b>	<b>Arisaema ciliatum liubaense</b>	12.10
Cobra Lily. A striking tuberous species for shade or part shade. Chocolate and white-striped spathes with elegant long pendulous 'tails'. Superb container plant. To .5m tall.		
<b>H113</b>	<b>Bletilla striata</b>	9.90
A hardy terrestrial Orchid, growing from corm-like pseudobulbs on short rhizomes. Up to twelve purple pink flowers are carried in upright racemes amongst the pointed linear leaves. Moist free-draining humusy soil, with mulch, and part shade in summer.		
<b>H114</b>	<b>Carmichaelia astonii</b>	9.90
A little native Pygmy Pea with broad stems of olive green and a good display of white flowers veined with wine red to purple. Sun. Free-draining soil with a dusting of lime forked in.		
<b>H115</b>	<b>Cassiope selaginoides</b>	12.10
LS13284. The finest Cassiope, collected by Ludlow and Sherriff in 1950. An evergreen bush of upright branches tightly packed with dark green tiny leaves. Good-sized bells of pure white in spring are the largest in the genus. Lime free soil. Part sun.		
<b>H116</b>	<b>Celmisia bellidioides</b>	9.90
Mats of dark green glossy leaves joined by many short-stemmed white daisies in summer. Flowers well here with morning sun and moist gritty soil. Ht 7cm x W 30cm		
<b>H117</b>	<b>Daphne albowiana</b>	9.90
A small evergreen shrub with unusual spidery yellow flowers followed by red berries. Bright green shiny leaves. Ht 1m		
<b>H118</b>	<b>Daphne cneorum</b>	12.10
The rock garden Daphne carries abundant heads of deep pink sweetly scented tubular flowers in late spring. Semi-prostrate branches of evergreen foliage. Open sunny positions and a moderately fertile soil with a dusting of lime.		
<b>H119</b>	<b>Dianthus Pretty</b>	9.90
Sweetly scented pale rose pink double flowers flushed deeper rose in the centre. Nice compact habit. Sun. Free draining limey soil. Rock garden, banks, walls, paving.		

- H120 Dierama White** 9.90  
Angels' Fishing Rods. Slender wands carrying pendant flowers of white tissue in midsummer. Larger rock gardens, sunny borders. Ht 80-90cm in flower.
- H121 Dryas octopetala** 9.90  
Mountain Avens. Lovely milk white bowls opening from attractive rich cream buds. Evergreen mats of shiny 'oak' leaves. Sun. Lime. Ht 7cm x W 40cm
- H122 Gaultheria cuneata** 9.90  
This groundcover shrub has shiny evergreen foliage, the white flowers are followed by large snow white berries in late summer. Acid leafy soil which doesn't get too dry in summer. Part sun or shade. The fruit is not poisonous.
- H123 Helianthemum Ben Fhada** 9.90  
A low sun-loving bush of compact green foliage and pure yellow flowers. Frost tolerant and takes dry conditions well once established. Early summer flowering.
- H124 Hepatica pyrenaica** 9.90  
Pure white flowers with white stamens from a green centre. Attractively marked evergreen foliage on this species. Part shade. Moist cool humus-rich soil.
- H125 Hepatica transsilvanica** 9.90  
Spreading carpets of large deeply lobed leaves and lovely large pale blue flowers in spring. Shade. Tolerates drier soils better than H. nobilis. Ht 15cm x W 60cm
- H126 Hosta Dewdrop** 9.90  
An attractive dwarf Hosta with pointed grey green foliage edged with white. Lavender tubular flowers on short stems. Ht 25cm x W 20cm. Ideal for the smaller garden or rockery. Part shade.
- H129 Iris Pacific Coast Hybrid** 9.90  
Sturdy stems carrying handsome flowers with light purple falls, veined with purple, and very pale almost white standards.
- H127 Iris chrysographes** 9.90  
A taller species with deep velvety purple blue regal flowers in summer. The yellow patch on the falls is heavily veined with black purple. A deep fertile soil with ample summer moisture.
- H128 Iris cristata** 9.90  
Dwarf Crested Iris. Dainty lavender blue flowers with a little gold crest on the falls in early summer. Winter dormant. Part shade and moist leafy soil. Ht 15cm x W 25cm
- H130 Ourisia coccinea** 9.90  
A bright apple green carpet from South America with long slim flowers of fire engine red. Part sun or shade. Fertile moist soil. Winter dormant. Ht 20cm x W 30cm
- H131 Potentilla Oaklands** 9.90  
A very nice shrubby Potentilla which flowers in summer. The flowers are the colour of rich cream and become flushed with strawberry pink as they mature. Ht 35cm x W 45cm. Deciduous.
- H133 Primula bulleyana** 9.90  
Candelabra Primula. Sturdy powdery stems carrying whorls of reddish buds opening to golden orange flowers. Moist fertile soils.
- H134 Primula chungensis** 9.90  
Candelabra Primula. A daintier version of P. bulleyana, similar colouring. Summer. Moist soils, sun or part shade.
- H135 Primula melancops** 9.00  
Clumps of strappy foliage powdered with creamy white farina below, and strong stems topped with creamy powdered buds opening to scented purple bells in early summer. Cool moist fertile soil. Winter dormant.
- H132 Primula sibthorpii** 9.90  
A gem for early spring with masses of mauve pink Primroses. Floriferous and a good increaser. Ht 10cm x W 25 cm

**Dunedin Rhododendron Group Incorporated.**

2018 Season

**H136 Primula sieboldii** 9.90

Good-sized white flowers flushed deeper rose pink on the petal backs. Cool fertile soils, increases well. Ht 30cm

**H148 Senecio candidans** 14.30

This excellent perennial is grown for its handsome large silvery white round leaves. Gold daisies. Sun and deep soil. A striking architectural species, valued highly for floral work.

**H149 Sorbus reducta** 9.90

A dwarf Rowan with typical foliage and white flowers followed by white berries flushed with pink. Fiery red autumn foliage. Non-suckering form. Ht 30cm

**H150 Tiarella cordifolia** 9.90

Foam Flower. Dainty little white flowers on slender stems appear above a spreading carpet of light green foliage in late spring. A delightful plant for filling in between small Rhododendrons, Trilliums, etc. Winter dormant.

**H151 Trollius pumilus** 9.90

Dwarf Globe Flower. Shiny yellow bowl-shaped flowers appear over a tidy clump of deeply divided foliage in late spring. Fertile moist soil. Winter dormant. Ht 15cm

**H152 Vaccinium delavayii** 11.00

At first glance this looks rather like a little Rhododendron with its glossy rich green leaves and rust red new growth. However, the cream bells and little edible Blueberries soon give the game away. Sun. Humus-rich lime-free soil. Ht 30cm x W 50cm

**H153 Weldenia candida** 11.00

A choice South American, this is winter dormant until rather late in the spring when the broad leaves appear, to be joined by beautiful three-petalled pure white flowers. Sun. Free-draining soil. Ht 12cm x W 30cm

---

**Lesley Cox**

Quantity Pot Price

**L018 Anemonella macrophylla** PB2 7.70

Elegant flowers in a subtle blue/grey shade over pretty foliage. For cool moist place.

**L029 Calceolaria fothergillii** 100mm 7.70

Very choice for a cool rock garden. Small mat with crimson and gold flowers, oddly animal-like, hanging from slender stems. Needs to be kept free from green fly or similar pests.

**L033 Campanula 'Elizabeth Oliver'** 100mm 7.70

Creeping campanula for rock garden. Late summer/autumn flowers are pale lavender, like tiny roses. Softer shade than C. x Haylodgensis.

**L022 Clematis recta 'Purpurea'** 3 PB5 9.90

A species with herbaceous growth rather than climbing. Foliage is purple/brown and very fine, best in full sun. Great cloud of cream flowers in early summer, then cut back to ground level for winter.

**L027 Dactylorhiza foliosa (syn. maderense)** 8 PB3 9.90

Hardy and easy ground orchid loving a cool, humus-rich soil and some moisture. Big heads of magenta bloom over glossy green foliage. In flower November through Christmas.

**L028 Dactylorhiza maculata** 8 PB2 or PB3 8.80

Smaller heads of pinky orchid flowers over finely spotted leaves, beautiful in themselves. Makes good clumps in a short time (3/4 years).

**L016 Dahlia 'Bishop of Llandaff'** 10 PB5 or PB3 11.00

The most sought-after of all dahlias; tall, blood-red with dark foliage and a superb companion for red-leaved maples and other plants. In bloom for 6 months to first frosts.

**L035 Delphinium species** 90mm 6.60

Very dwarf, royal blue. Probably D. orfordii. Delightful little plant with bright blue flowers over pretty foliage. Perfect for a sunny rock garden.

**L032 Incarvillea 'Bee's Pink'** 100mm 7.70

Selected form of I. delavayi, pretty pink as it emerges from the ground, stems lengthening with age. Spectacular, for sun or shade.

**Dunedin Rhododendron Group Incorporated.**

2018 Season

<b>L019</b>	<b>Iris barbatula</b>	7	100mm	7.70
Rare species small enough for rock garden. Bright purple stemless blooms are short-lived but replaced in numbers over several weeks. Fully deciduous to a spiky tuberous root.				
<b>L020</b>	<b>Iris milesii</b>	8	PB3 or PB5	8.80
Tall, thin stems make an airy plant with masses of orchid-like flowers in pinkish and bluish purple, elegantly speckled. Cool soil but some sun. Long bloom season.				
<b>L021</b>	<b>Iris tectorum, Burma Form</b>		PB2	8.80
Large frilly flowers of bright violet/blue, speckled and with a lacy white crest.				
<b>L023</b>	<b>Paeonia peregrina</b>	6	PB5	8.80
A slightly wandering species with blood red, bowl-shaped blooms. Long-lived perennial, very desirable. Full sun.				
<b>L024</b>	<b>Paeonia tenuifolia</b>	3	PB3	16.50
8 year old plants from seed collected in the Caucasus Mountains by a Russian friend. Very slow growing but worth the wait. Glowing red, single flowers over finely dissected foliage on a low plant. Full sun.				
<b>L014</b>	<b>Philadelphus 'Belle Etoile'</b>	3	PB3	9.90
Finest "mock orange," ultimately tall. Great mass of pre-Christmas bloom with best scent in all horticulture (to my mind!).				
<b>L013</b>	<b>Philadelphus coronarius aureus</b>	3	PB3	9.90
Lemon-gold leaved form of "mock orange" to light a dark, shady corner. Creamy flowers, deliciously scented.				
<b>L015</b>	<b>Physocarpus 'Dart's Gold'</b>		PB3	9.90
Another gold-leaved shrub for bright colour in dull places. In sun for best colour. Bunches of creamy flowers.				
<b>L025</b>	<b>Polygonatum falcatum variegatum</b>	3	PB3	8.80
Mid height species of "Solomon's Seal", each leaf finely edged in white. White flowers.				
<b>L026</b>	<b>Polygonatum humile</b>	6	PB2	8.80
Shorter species, to about 15 or 18 cms. Jade green flowers on a fine creeping ground cover for a cool place.				
<b>L030</b>	<b>Primula clarkei</b>		100mm	7.70
Little mats of ground-hugging foliage and stemless rich pink flowers in early spring. Perfect plant for a cool trough or container with compost soil. Divide often.				
<b>L031</b>	<b>Primula warshenewskiana</b>		100mm	7.70
No height, creeping mat, related to above. Smaller flowers in great numbers, intensely coloured deep pink. Cool rock garden.				
<b>L034</b>	<b>Pulsatilla vulgaris (red seedlings)</b>		100mm	7.70
The European Pasque Flower, good red flowers followed by fluffy seed heads. Sun is best and it likes some lime.				
<b>L012</b>	<b>Rubus x Tridel 'Benendon'</b>	7	PB3	11.00
A blackberry of great beauty with large pure white flowers in late spring and again early autumn. No suckering, no seeding and NO PRICKLES!				
<b>L017</b>	<b>Senecio magellanica (syn candicans)</b>	6	PB3	8.80
Foliage of white velvet on a low perennial, and bunches of golden daisies through summer. Very hardy. From the islands of the South Atlantic ocean.				

**Ovingdean**

		Quantity	Pot	Price
<b>O001</b>	<b>Eranthis hyemalis</b>	5	90mm	7.70
A tuberous-rooted herbaceous perennial growing to 15 cm, with large 2-3 cm yellow, cup-shaped flowers held above a collar of 3 leaf-like bracts, appearing in winter and early spring.				

**Dunedin Rhododendron Group Incorporated.**

2018 Season

<b>O002</b>	<b>Gentiana asclepiadea</b>	10	90mm	8.80
Vigorous shoots on stems that generally arch elegantly outward from the base of the plant, between 60-90 cm. Trumpet shaped blue flowers occur in late summer into autumn.				
<b>O003</b>	<b>Glaucidium palmatum album</b>	8	120mm	17.60
Rare, grown from cuttings. The beautiful and very desirable white flowered version of Japanese woodland poppy.				
<b>O005</b>	<b>Hepatica deep pink</b>	6	90mm	8.80
As above but with cerise/pink flowers and lovely stamens.				
<b>O004</b>	<b>Hepatica white</b>	10	90mm	8.80
Small clump-forming, almost evergreen herbaceous perennials with attractive lobed leaves and jewel like flowers.				
<b>O006</b>	<b>Muscari pale blue</b>	6	90mm	8.80
Perennial bulbous plant that produces spikes of dense, pale blue, urn-shaped flowers.				
<b>O007</b>	<b>Pseudotrillium rivale pink</b>	8	120mm	13.20
(Formerly known as Trillium rivale). A dwarf Trillium reaching only 10 cms high or so in height. The leaves of this species are a green with visible veining, reaching only 5cms or so in length. Flowers are borne on erect pedicels.				
<b>O008</b>	<b>Trillium chloropetalum red form</b>	5	2 litre	16.50
Spring flowering perennial plants. Patterned leaves, red flowers.				
<b>O009</b>	<b>Trillium chloropetalum yellow</b>	4	2 litre	19.80
Spring flowering perennial. Flowers good yellow.				
<b>O010</b>	<b>Trillium luteum</b>	10	120mm	16.50
Evenly-spaced, sessile, lanceolate to rounded, dark green, often mottled. Slightly lemony scented yellow flowers.				
<b>O011</b>	<b>Trillium ovatum</b>	5	1 litre	19.80
The Pacific trillium or western trillium. Each plant has 1 or 2 flowering stalks, each up to 50 cm tall. Flowers are white changing to pink as they age and held on a pedicel above the leaves.				

**Ribbonwood**

		Quantity	Pot	Price
<b>D036</b>	<b>Ackama rosifolia (makamaka)</b>			17.50
A very graceful native tree with large distinctive compound leaves which are reddish on the undersides. Tolerates sun or shade. Protect from heavy frosts when young. Needs some moisture. Evergreen. Ht 4m				
<b>D037</b>	<b>Asplenium oblongifolium (shining spleenwort)</b>			16.00
A stunning fern with glossy deep green arching fronds around 80cm long. Easy to grow tolerating dry soils, wind and shade or sun. Good in containers. Evergreen. Ht 1m				
<b>D038</b>	<b>Celmisia lindsayii (mountain daisy)</b>			16.00
One of the easier to grow and more vigorous NZ daisies with silvery green leaves with a satiny white underside. Flower stems are quite long. Best in a reasonable well drained soil in sun or partial shade. 25cm x 40cm				
<b>D039</b>	<b>Dianella nigra (turutu)</b>			14.00
This is a useful plant with a flax-like form and yellowish green leaves. The fruit is a very striking deep-blue colour. Sun or shade. Hardy. Evergreen. Ht 60cm				
<b>D045</b>	<b>Eurasia macrocarpa</b>			14.00
This is a fine garden plant with rosettes of shiny, finely serrated leaves and prominent heads of white flowers with yellow throats. Grows best in light shade in a moist but well-drained soil with plenty of organic matter. Ht 15cm x 30cm				
<b>D040</b>	<b>Fuchsia X colensoi</b>			15.00
An unusual hybrid fuchsia with attractive reddish foliage. Prefers a reasonably moist soil. Good nectar source for birds. 2m				

**Dunedin Rhododendron Group Incorporated.**

2018 Season

<b>D041</b>	<b>Fuchsia procumbens</b>	15.00
A trailing shrub well suited to the rock garden. Grows well in sandy or stony soil. Notable for its erect flowers and large attractive red berries. Becomes deciduous if frosted. 15cm		
<b>D042</b>	<b>Macropiper Psittacorum (kawakawa)</b>	15.00
An attractive shrub with shiny, broad, heart-shaped leaves. Ideal for dry shady sites under trees but also tolerates sun and moisture though not heavy frost. Good indoor plant and has medicinal properties .Evergreen. 2m		
<b>D043</b>	<b>Metrosideros UMB (Yellow flowering Southern rata)</b>	17.50
This is an unusual and rarely grown form of Southern rata with attractive yellow flowers and fresh green foliage. Tolerates coastal conditions. Hardy. Evergreen. 3m		
<b>D044</b>	<b>Myosin aquilonia (Poor Knights matzo)</b>	16.00
This is a rare shrub from the Poor Knights Islands which becomes quite dense and is an ideal topiary subject. It is tolerant of wind, salt and dry conditions. OK in sun or light shade . Evergreen. 1m		
<b>D046</b>	<b>Pittosporum patulum</b>	16.00
A rare and unusual pittosporum with a very limited distribution in Nelson and Otago. Juvenile leaves are very narrow and serrated and the red flowers are extremely fragrant. Easily grown and very hardy. Evergreen. Ht 3m		
<b>D047</b>	<b>Podocarps totara "Paradise"</b>	17.50
An unusual totara selection with distinctive pale leaves. The original plant is from Paradise at the head of Lake Wakatipu. Will grow in sun or part shade, not fussy about soil and is fairly wind and frost tolerant. Ht 3m		
<b>D048</b>	<b>Pomaderris kumeraho</b>	16.00
This is a beautiful little flowering shrub. It has masses of yellow flowers in Spring. Tolerates poor clay soils and is wind tolerant. Best in sun. Evergreen. Ht 150cm		
<b>D049</b>	<b>Pseudowintera "Red Edge" (Pepper tree)</b>	20.00
An attractive form of pepper tree from Mt. Taranaki with a distinctive red margin to the leaves. Sun or part shade. Hardy. Ht 1m		
<b>D050</b>	<b>Xeronema callistemon (Poor Knights Lily)</b>	17.50
A rare and aristocratic garden plant. The striking sword-like leaves may reach 60-80cm and the brilliant red flower spikes 25-30cm. Ideal in containers. Protect from frost. Evergreen. Ht 60cm

<b>R083</b>	<b>Anemone siemanii</b>	9.80
Creamy lemon flowers. D.		
<b>R084</b>	<b>Astilbe Fanal</b>	9.80
Lovely red flowers late spring/summer. Bronze/green foliage. Moist shade. D. 40 cms		
<b>R085</b>	<b>Brunnera macrophylla 'Jack Frost'</b>	10.90
Heart-shaped silver leaves, delicately veined with mint green. Sprays of bright blue Forget-me-not flowers in spring. Shady woodland. D. To 40 cms		
<b>R086</b>	<b>Crambe cordifolia</b>	9.80
Few. Large pots. Forms a large clump producing airy white flowers on tall stems late spring/summer. Sun or partial shade. D. To 2 metres in height.		
<b>R087</b>	<b>Disporopsis omeiensis</b>	9.80
Resembles an evergreen Solomon's Seal with snakeskin patterns on the stem, pale greenish-yellow flowers.		
<b>R082</b>	<b>Eucomis Sparkling Rosie</b>	8.70
Pink flowers with very large raceme amongst dark purple-red foliage. Attractive seed pods. Bulb. D. 50 cms		
<b>R088</b>	<b>Filipendula palmata 'Rubra'</b>	9.80
Few. In mid summer produces pale to light pink flowers in feathery corymbs to 20 cms across on simple or branching stems. Moist soil, sun/part shade. Herbaceous border/woodland garden. D.		

1.2 to 1.5 metres

<b>R089</b>	<b>Gentiana acaulis</b>		9.80
Alpine, spring flowering. Forms a low, slow-spreading carpet of pointed green leaves, bearing large upward facing, deep blue, funnel-shaped flowers. Evenly moist soil, suits rockery. Sun/part shade.			
<b>R090</b>	<b>Geranium wlassovianum</b>		9.80
Few. (Cranesbill). Dusky violet flowers with deeper veining and a white eye from summer /early autumn. Outstanding red tones in autumn. Trails. Average/sandy soil and sun/part shade. D. To 60 cms			
<b>R091</b>	<b>Geranium yoshonoi confetti</b>		10.90
Stunning! A low spreading, mat of lobed bright-green leaves marbled and splashed with ivory white. Small light pink blooms appear in spring/summer. Great ground cover. D.			
<b>R092</b>	<b>Geum Peachy Apricot</b>		9.80
Sun. 40 cms			
<b>R093</b>	<b>Hepatica nobilis/triloba</b>		9.80
Lavender blue flowers with a jewel-like quality late winter/early spring. Fresh new leaves appear after flowering. Sheltered ground beneath trees/shrubs. 'Flower of happiness'.			
<b>R094</b>	<b>Hosta 'Fireworks'</b>		10.90
Dwarf with thick white-centred leaves with streaky dark-green margins. Pale lavender flowers. Shade. D. To 25 cms			
<b>R096</b>	<b>Hosta 'Kiwiskyscraper'</b>	1 litre	10.90
Rich blue-green, thick foliage. Lavender flowers in mid summer. Specimen plant. Moist rich soil. Partial/full shade. D. 1m			
<b>R095</b>	<b>Hosta fortunei 'Gold Standard'</b>	1 litre	10.90
(Plaintain Lily). Light green leaves turning gold in summer with dark green edge, lavender flowers. Part shade, moist well drained soil. D. 55 cms			
<b>R097</b>	<b>Iris Higo 'Ruri Ogi'</b>	1 litre	9.80
Huge dark blue with white zone on each petal. D.			
<b>R098</b>	<b>Lychnis x arkwrightii 'Vesivius'</b>	1 litre	9.80
Bronzy-maroon foliage and very conspicuous large, molten lava-coloured, orange-scarlet flowers early summer. Sun/part shade. D. 40 cms			
<b>R099</b>	<b>Maimantheumum racemosum (Smilacina racemosa)</b>	1 litre	9.80
Veined mid green leaves and plumes of feathery creamy white flowers from spring to mid summer, followed by red berries. Part shade, woodland. D.			
<b>R100</b>	<b>Phyteuma scheuchzeri</b>		9.80
Lovely unusual spikey ball-shaped clusters of deep blue flowers. Suits rockery. Sun. D. 20 to 30 cms			
<b>R101</b>	<b>Pinellia tripartita</b>		10.90
Moist well-drained soil part/full shade. Yellowish-green flowers late spring/summer. Resembles a dwarf Arisaema with large, extending green spathes and an elongated spadix that emerges from the spathe and extends 20 cms up into the air. Woodland or rock garden. Small dangling bells mostly hidden under the long arches of large leaves. D. To 30 cms			
<b>R102</b>	<b>Primula sieboldii Silver/pink</b>		10.90
Beautiful 2 tone colouring. D.			
<b>R103</b>	<b>Rodgerisa pinnata 'Superba'</b>		10.30
Award winner. Bold coppery purple foliage. Creamy pink flowers. D. 1.2 m
